Move Over Mrs Markham1996 Â Â Â Â We certainly love a Ray Cooney comedy, or is it farce?
Â Sometimes collaborating with writer John Chapman, Cooney said "When does comedy turn into farce? I'm not searching for a "comedy plot" or "funny storyline"; I'm searching for a potential tragedy. Farce is comedy highly exaggerated, extravagantly improbable, even tragic."
We've done 'Run For Your Wife", Chase Me Comrade, There Goes The Bride, (with Not Now Darling and this one, 3 times!)
