'An Evening with Sherlock Holmes' is an anthology which is played over forty years. The first two plays are by Conan Doyle, the third is by Jules Tasca but has been based on Doyle's 1890 characters.

First Act: The Adventure of the Noble Bachelor (Adaptation)

Second Act: The Milverton Adventure (Adaptation)

Third Act: The Disappearance of Adam (Original)

'An Evening with Sherlock Holmes' employs the Asian theatre technique of using stage assistants, who enter scenes as they are in progress and change settings or remove objects. These will most probably be cast members from other acts.

This will be "script in hand" production
