Join the graduating class of William Ocean High School as they live through their final senior year - as they experience the fun, the heartbreak, the loves and the loneliness of growing up.... all set to the biggest hits of the 80's!!

Set in the USA, Back To The 80's tells the story of the senior class of William Ocean High School that graduated in the 1980's, as remembered and seen through the eyes of Corey Palmer, who is now 30-something.

The then 17-year-old Corey is madly in love with his next-door neighbour, Tiffany Houston, one of the coolest girls in the school. However, she barely notices this, as she is too busy mooning over Michael Feldman, the hottest guy around.

Michael and his friends are athletic and good-looking - the kind of guys that Corey and his two best friends dream of being. However, while they may not be the coolest guys in school, they are still one up on Feargal McFerrin III, whose best friend is his computer, and who believes the crazy notion that one day CD's will replace cassette tapes.Â View the ProgramÂ Â
